

## EXECUTIVE SUMMARY

Outstanding bonded indebtedness as of June 30, 2007 in Arizona, as reported by cities and towns, counties, community colleges, school districts, state agencies, universities, special districts and other political subdivisions was \$33.016 billion. This figure represents principal only; no interest is included in the \$33.016 billion total. In FY 2005/06, the total bonded indebtedness reported for the political subdivisions referenced above was \$29.764 billion.

Throughout FY 2006/07, \$6.645 billion in new debt was reported by Arizona political subdivisions. Of the \$6.645 billion in new debt, \$1,453.3 million was directly attributed to refunding of old debt. Since refunding bonds basically replace old issues, there is no double counting of old and new issues in the political subdivision summary tables or the executive summary of this report. However, refunding bonds are included in the "New Issue" section of this report.

### PERCENT OF NEW DEBT (INCLUDING NEW REFUNDING BONDS) BY COUNTY

According to reports submitted, all Arizona political subdivisions were within their constitutional debt limit at the end of the fiscal year. The aggregate debt limit for all political subdivisions reporting general obligation debt during the fiscal year (regardless of the debt limit percentage set by the Arizona Constitution) was \$32.324 billion. The total amount outstanding was \$6.762 billion.

**BONDED INDEBTEDNESS REPORTED BY POLITICAL SUBDIVISIONS FOR FY2007 AND  
FY2006**

The change in the level of bonded indebtedness between years can be due to better reporting on behalf of political subdivisions or increases due to those who are issuing debt for the first time. Based on the information provided, this report provides an accurate representation of the outstanding indebtedness of the state as reported by political subdivisions. In FY 2006/07, 400 political subdivisions reported bonded indebtedness out of the 940 that submitted reports. In FY 2005/06, 428 political subdivisions reported bonded indebtedness out of the 935 that submitted reports. Even with this information, it is important to examine the detail contained in this book to understand the changes in levels of bonded indebtedness from year to year.

Outstanding lease purchases and third party contracts totaled \$693.1 million for all reporting subdivisions in FY 2006/07. There were 362 political subdivisions and agencies reporting these types of contracts. There were 561 political subdivisions and agencies that reported no lease purchase or third party contracts in FY 2006/07. (In FY 2005/06, \$670.9 million in outstanding lease purchase and third party contracts was reported by 343 political subdivisions and agencies. There were 490 reporting no lease purchase or third party contracts in FY 2005/06.) Reporting by the political subdivisions and state agencies from year to year can be inconsistent. Conclusions from the comparison between the two fiscal years should be made only after carefully examining the detail contained in this report.

SB1162, Chapter 156, second regular session, 2006, exempted industrial development authorities of their reporting responsibilities to the Commission effective with FY2005/06.

**TOTAL LEASE PURCHASE AND THIRD PARTY CONTRACT DEBT FOR POLITICAL SUBDIVISIONS AND STATE AGENCIES IN FISCAL YEAR 2007 AND 2006**

A summary of debt and security obligations of Arizona political subdivisions is presented in the following table. Each type of political subdivision is grouped within the county in which it is located. County governments are only responsible for debt listed specifically as "County" obligations. Other jurisdictions are aggregated within the county boundaries for convenience and analysis purposes only.

This table provides a quick reference tool when attempting to research the outstanding indebtedness of political subdivisions. Each schedule shows the original principal of all outstanding bonds within the political subdivision, reports on total principal retired and/or refunded through FY 2006/07 and the new outstanding indebtedness at the end of the fiscal year. (Remember that there is no interest included in any of these figures.) The numbers in these schedules are provided by the political subdivisions pursuant to A.R.S. § 35-501 and 502.

## INTRODUCTION

In compliance with A.R.S. § 35-501 and § 35-502, this report is a compilation of bonded indebtedness reported for the fiscal year July 1, 2006 through June 30, 2007 (hereafter referred to as FY 2006/07), by the state, political subdivisions within the state or their statutory agents. A.R.S. § 35-501 states, in part:

*"The department of revenue shall ascertain and record in its office all issues of bonds or other securities issued for a term in excess of one year by the state or a county, city, town, school district, irrigation district or other political subdivision within the state."*

The statute also requires that the record will show the date of issuance, amount, denomination, rates of interest, maturity, etc., plus other information the department may require.

In addition, the statutes require that the department collect reports upon the *issuance* of new bonds and securities. These reports must contain information about the par amount, interest, repayment schedule, source of repayment, issue price and premium or discount, issuance costs, outstanding indebtedness, and the constitutional and statutory limitations on the issuance of new debt. A.R.S. § 35-502.A states,

*"The state treasurer and the governing body of the county, city, town, district or other political subdivision shall make such reports to the department of revenue as the department requires relating to the issuance of the bonds and securities provided by § 35-501..."*

Failure to comply is a class 2 misdemeanor, pursuant to paragraph B of the same section and jurisdictions in violation may not issue further indebtedness.

SB1162, Chapter 156, second regular session, 2006, exempted industrial development authorities of their reporting responsibilities to the Commission effective with FY2006/07.

This report is divided into four main sections: a summary of outstanding debt by jurisdiction; new debt issued during FY 2006/07; lease purchase and third party financing contracts reported by political subdivisions; and a summary of non reporters. Tables containing detailed data for each section are provided at the end of each section. **None of the figures provided within this report contains any interest or interest payments.**

Section One of this report provides information for counties, cities and towns, community colleges, school districts, special districts, state agencies, universities and other entities. This includes information on general obligation bonds, revenue bonds, special assessment or special district bonds, certificates of participation, municipal property corporation debt and debt limitations. The data presented, which is as complete and accurate as the records submitted by the reporting political subdivisions, includes outstanding debt of **\$33.016** billion.

Section Two provides information on new debt issued during FY 2006/07. This information is summarized for counties, cities/towns, community colleges, school districts, special districts, agencies universities and other entities. Highlights are provided for each subsection. Copies of the forms used to report new debt, as provided by all jurisdictions in accordance with the above law, are available upon request.

Section Three provides a summary of the Lease Purchase/Third Party Contract information collected for FY 2006/07. While the department has always attempted to collect information about Certificates of Participation, because they are clearly specified in A.R.S. §35-501, reporting of Lease Purchases by the political subdivisions

has not been entirely comprehensive. The guiding principal behind collecting this information is the reference to "...other securities issued with a term in excess of one year..." The data presented is as complete and accurate as the records submitted by the reporting political subdivisions.

Section Four lists political subdivisions that failed to submit a Report of Bonded Indebtedness or Lease Purchase/Third Party Financing Report for FY 2006/07.

#### **TYPES OF BONDED INDEBTEDNESS**

General Obligation bonds are secured by the issuer's general taxing power (typically property taxes). These bonds are usually subject to a constitutional debt limit and may necessitate voter approval. The various constitutional debt limits for general obligation bonds are determined by multiplying the net secondary assessed value of taxable property in the issuing jurisdiction by the percentage set out in the Arizona Constitution (Article IX, Sections 8 and 8.1). In this report, the net secondary assessed value used to calculate debt limitations was from the 2006 Property Tax Rates and Assessed Values, issued by the Arizona Tax Research Foundation.

Revenue bonds are secured by a specific, identified revenue source, typically non-property tax revenue. These sources include excise taxes, rents or fees (including tuition) or other revenues, in some instances paid by the users of the project being funded by the bonds. These bonds may not require voter approval and are not subject to constitutional debt limits. Projects financed through revenue bonds include street and highway construction or improvements, university capital projects, housing authority projects, electric light or power systems, water or sewer systems or stadiums.

Special Assessment or Special District bonds fund projects that generally benefit a specific group of property owners within an established geographic area or "district". They are secured by assessments (or taxes)

that are levied against property located within the district.

Municipal Property Corporation bonds are issued by non-profit corporations acting on behalf of a political subdivision of this state. These bonds are used as a financing tool to build or acquire projects that are then leased back to the political subdivision. Typically, the lease revenues received by the non-profit corporation are used to secure the bonds. Lease payments may in turn be secured by a revenue stream of the political subdivision. Because the bonds are issued by the non-profit corporation, they are typically not considered debt of the political subdivision and are not subject to the constitutional debt limits.

Certificates of Participation are generally proportional shares in annually appropriated long-term leases. Generally, these leases are subject to cancellation by the issuing political subdivision if the annual payments are not appropriated. As a result, the leases are not considered long-term debt and are not subject to the constitutional debt limits.

Impact Aid Revenue bonds are paid from revenues received through a federal program designed to directly reimburse public schools for the loss of traditional revenue sources due to a federal presence or activity.

#### **LEASE PURCHASES/THIRD PARTY CONTRACTS**

Lease purchases and third party contracts are not bonded indebtedness. Information on these obligations has been requested by the department and included because of the language in A.R.S. § 35-501, shown on the first page of the Introduction to this report, which states "other securities issued for a term in excess of one year..." No lease purchases or third party contracts with terms of less than one year are included here.

All figures and information contained in this report have been reviewed by the Debt Oversight Commission, as established by A.R.S. § 35-504.

**SECTION ONE**

**FY 2006/07 BONDED INDEBTEDNESS BY POLITICAL  
SUBDIVISION**

## COUNTIES

County debt is debt that is the ultimate responsibility of the county. Under this definition, special assessment or special district debt issued by an independent political subdivision but reported by the county is not included here. Eleven counties have reported outstanding debt totaling \$1,029.0 million at the end of FY 2006/07. Detail of the outstanding debt reported by the counties can be found in Table 1. Four types of debt have been reported:

- ✓ \$289.6 million in general obligation debt, reported by one county;
- ✓ \$550.4 million in revenue bonds, reported by four counties;
- ✓ \$90.0 million in certificates of participation, reported by eight counties; and
- ✓ \$99.0 million in municipal property corporation debt, reported by two counties.

During FY 2006/07, \$128.5 million of outstanding principal was retired or refunded by counties. Greenlee County paid off all remaining debt during FY 2006/07. Graham County, Santa Cruz County, and Yavapai County reported no debt.

The following table lists debt by county, from most debt to least debt. This table does not allow for any kind of determination as to whether a county has heavy or light debt; it is simply a rank order from highest to smallest.

COUNTY	OUTSTANDING DEBT
Pima	\$627,885,713
Maricopa	\$177,865,000
Pinal	\$160,420,000
Mohave	\$16,410,000
Coconino	\$16,180,000
Yuma	\$11,885,000
Cochise	\$7,605,000
Navajo	\$5,635,000
Apache	\$2,040,000
Gila	\$1,840,000

COUNTY	OUTSTANDING DEBT
La Paz	\$1,220,000
Graham	\$0
Greenlee	\$0
Santa Cruz	\$0
Yavapai	\$0

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2007. *However, the year-end balances should reflect any July 1, 2007 payments if the payment amount has been deposited into a dedicated fund for the payment of principal.*

### GENERAL OBLIGATION DEBT

Pima County reported general obligation debt, subject to the 15% county debt limitation. Pima County was within their constitutional debt limitation, as shown below and on Table 1.

COUNTY	DEBT LIMITATION	DEBT	% OF DEBT LIMIT USED
Pima	\$1,030,493,319	\$289,590,000	28.1%

### REVENUE BONDS

Maricopa, Navajo, Pima, and Pinal Counties have outstanding revenue bonds, which are considered county debt but are not subject to a limitation. The outstanding balance in revenue bonds at the end of FY 2006/07 was \$550.4 million, after payments totaling \$67.5 million during the fiscal year.

### CERTIFICATES OF PARTICIPATION

Apache, Cochise, Coconino, La Paz, Maricopa, Mohave, Pima and Yuma Counties reported certificates of participation. The outstanding balance in certificates of participation at the end of FY 2006/07 was \$90.0 million, after retiring and refunding \$17.1 million during the fiscal year.

### MUNICIPAL PROPERTY CORPORATION DEBT

Gila and Pinal Counties have reported municipal property corporation debt. The outstanding balance at the end of FY 2006/07 was \$99.0 million. A total of \$5.1

million in principal was retired and refunded during the fiscal year.

**PER CAPITA DEBT**

One method of determining the level of debt in relation to the other counties is dividing total outstanding debt by the population of the county. High per capita debt is neither good nor bad; it is simply a comparative tool to describe how the county compares to others. Using this measure, Pima County has the most debt per capita, as can be seen on the following table.

COUNTY	PER CAPITA DEBT
Pima	\$639.86
Pinal	\$534.96
Coconino	\$122.33
Mohave	\$82.75
Yuma	\$60.52
La Paz	\$57.40
Cochise	\$56.27
Navajo	\$49.66
Maricopa	\$46.90
Gila	\$32.39
Apache	\$27.38
Graham	\$0.00
Greenlee	\$0.00
Santa Cruz	\$0.00
Yavapai	\$0.00

The population measure used to calculate per capita debt is the July 1, 2006 Department of Economic Security estimate.

## CITIES/TOWNS

City and town bonded indebtedness consists of general obligation bonds, revenue bonds, special district or special assessment bond issues (for which the city or town has, at least, contingent liability), certificates of participation and debt issued on behalf of the city or town by municipal property corporations. As of June 30, 2007, these types of outstanding debt totaled \$13.3 billion for cities and towns, a 7.2% increase from the \$12.4 billion reported for FY 2006. Of the 90 incorporated cities and towns in Arizona, 77 had at least one of these types of debt outstanding at the end of the FY 2007; 13 reported no debt.

Detail of the outstanding indebtedness of Cities and Towns, in alphabetical order, can be found in Table 2 in the Appendix. The cities and towns reported the following outstanding bonded indebtedness as of June 30, 2007:

- ✓ \$3.8 billion in general obligation debt, reported by 31 cities and towns;
- ✓ \$6.0 billion in revenue bonds, reported by 63 cities and towns;
- ✓ \$3.1 billion in debt issued through municipal property corporations, reported by 37 cities and towns.
- ✓ \$247.8 million in certificates of participation, reported by 9 cities and towns; and
- ✓ \$175.0 million in special assessment debt<sup>1</sup>, reported by 22 cities and towns;

During FY 2007, 33 municipalities issued 66 new issues totaling \$2.6 billion. Of all the cities and towns with outstanding debt,

<sup>1</sup>Actually, this is city improvement district debt, authorized in Title 48. For purposes of this report, special district, special assessment and improvement district debt is combined.

Phoenix has the most with \$6.0 billion while Clifton has the least with \$55,000.

Ten municipalities with outstanding debt in excess of \$150 million account for 87.8% of all outstanding debt.

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2007. *However, the year-end balances will reflect any July 1, 2007 payments, if the payment amount has been deposited into a dedicated fund for the payment of the principal.*

#### GENERAL OBLIGATION DEBT

Total outstanding general obligation debt of Arizona's cities and towns as of June 30, 2007 was \$3.8 billion, or 28.6% of all outstanding debt. General obligation debt was reported by 31 of the 90 incorporated cities. General obligation debt issued by a city or town is subject to either the 6% or 20% of ad valorem valuation constitutional debt limit, dependent upon the purpose of the debt. Article IX, § 8, paragraph 1 of the Arizona Constitution states:

“... that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding twenty per centum additional, for supplying such city or town with water, artificial light, or sewers, when the works for supplying such water, light, or sewers are or shall be owned and controlled by the municipality, and for the acquisition and development by the incorporated city or town of land or interests therein for open space preserves, parks, playgrounds and recreational facilities, public safety, law enforcement, fire and emergency services facilities and streets and transportation facilities.”

City debt is being measured against debt limits. Of the cities reporting general obligation debt for FY 2007, no city exceeded its 6% constitutional debt limit while Tolleson is the only city that exceeded its 20% constitutional debt limit.

CITY	DEBT LIMITATION	DEBT	% OF DEBT LIMIT USED
Avondale	\$100,565,566	\$16,365,000	16.3%

Willcox	\$4,986,601	\$1,162,000	23.3%
Yuma	\$121,818,131	\$6,420,000	5.3%

Cities retired and refunded \$617.3 million in outstanding general obligation principal during the fiscal year. Cities with general obligation debt in excess of \$200 million, in order of most to least debt, are: Phoenix, Scottsdale, Tempe, Tucson, Chandler, Mesa, and Glendale.

#### REVENUE BONDS

Total outstanding debt from revenue bonds as of June 30, 2007 was \$6.0 billion, or 44.8% of total outstanding debt. There were 63 cities and towns with outstanding revenue bonds.

Cities retired and refunded \$840.1 million in principal in the fiscal year.

The cities with revenue bond debt in excess of \$220 million, in order of most to least debt, are: Phoenix, Mesa, Tucson, Scottsdale, Glendale, and Tempe.

#### SPECIAL DISTRICT/SPECIAL ASSESSMENT BONDS

Special district or special assessment bonds are issued by a city or town for improvements in a subsection of the city or town. Twenty-two cities and towns reported special district or special assessment debt totaling \$175.0 million.

Cities retired and refunded \$10.3 million in special assessment principal in FY 2007. The cities with outstanding special assessment debt in excess of \$5 million, in order of most to least debt, are: Bullhead City, Queen Creek, Yuma, Kingman, and Mesa.

#### CERTIFICATES OF PARTICIPATION

Nine cities and towns reported certificates of participation with total outstanding principal on June 30, 2007 of \$247.8 million, or 1.9% of total debt. A total of \$14.7 million in principal was retired and refunded in the fiscal year. Tucson, with \$198.0 million, and Phoenix, with \$32.9 million, account for 93.2% of outstanding certificates of participation debt.

#### MUNICIPAL PROPERTY CORPORATION DEBT

Municipal property corporation debt was reported in 37 cities and towns for FY 2007, with an outstanding balance at the end of the fiscal year of \$3.1 billion. This represents 23.4% of total outstanding debt. Cities retired and refunded \$323.3 million in the fiscal year. Outstanding debt amounts ranged from \$2.0 billion for Phoenix to \$206,584 for Bisbee.

#### PER CAPITA DEBT

One method of comparing the level of debt in relation to other cities and towns is per capita debt, dividing total outstanding debt by the population. High per capita debt is neither good nor bad; it is simply a tool to show how much debt the city or town has at a given point in time in comparison with other cities or towns.

CITY/TOWN	PER CAPITA DEBT
Queen Creek	\$7,670.76
Cave Creek	\$7,226.86

## COMMUNITY COLLEGES

Community college bonded indebtedness consists of general obligation debt, revenue bonds and certificates of participation. Of the ten community colleges, only Eastern Arizona Community College and Gila Community College have reported no debt. Detail of the outstanding indebtedness of Community Colleges can be found in Table 3. The community colleges reported the following outstanding bonded indebtedness as of June 30, 2007:

- ✓ \$ 745.135 million in general obligation debt, reported by six community colleges;
- ✓ \$ 61.0 million in revenue bonds, reported by six community colleges; and
- ✓ \$ 1.0 million in certificates of participation, reported by two community colleges.

During FY 2006/07, \$ 78.8 million of outstanding principal was retired or refunded. The following table lists debt by community college, from most debt to least debt. This table does not allow for any determination as to whether a community college has heavy or light debt; it is only a rank order from highest to smallest.

COMMUNITY COLLEGE	OUTSTANDING DEBT
Maricopa	\$ 577,995,000
Arizona Western <sup>2</sup>	\$ 76,280,000
Yavapai	\$ 57,390,000
Pima	\$ 51,455,000
Coconino	\$ 19,425,000
Mohave	\$ 12,210,000
Central Arizona <sup>3</sup>	\$ 8,165,000
Navajo <sup>4</sup>	\$ 3,620,000
Cochise	\$ 560,000
Eastern Arizona <sup>5</sup>	\$ 0
Gila	\$ 0

<sup>2</sup>Arizona Western Community College serves Yuma and La Paz Counties.

<sup>3</sup>Central Arizona Community College serves Pinal County.

<sup>4</sup>Northland Pioneer College serves Navajo County.

<sup>5</sup>Eastern Arizona Community College serves Graham County.

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2007. *However, the year-end balances should reflect any July 1, 2006 payments, if the payment amount has been deposited into a dedicated fund for the payment of the principal.*

### GENERAL OBLIGATION DEBT

Arizona Western, Coconino, Maricopa, Northland Pioneer, Pima and Yavapai Community Colleges reported general obligation debt subject to the constitutional 15% debt limitation imposed on school districts, which includes community college districts. Each of the community colleges was within their debt limitation, as shown below and on Table 3.

COMMUNITY COLLEGE	DEBT LIMITATION	DEBT	% OF DEBT LIMIT USED
Arizona Western	\$137,599,731	\$11,802,500	8.6 %
Coconino	\$221,001,404	\$19,425,000	8.8 %
Maricopa	\$5,444,203,995	\$557,390,000	10.2 %
Northland Pioneer College	\$113,241,797	\$3,165,000	2.8 %
Pima	\$1,030,493,319	\$51,155,000	5.0 %
Yavapai	\$345,406,941	\$56,425,000	16.3 %

### REVENUE BONDS

Arizona Western, Central Arizona, Maricopa, Mohave, Pima and Yavapai Community Colleges have outstanding revenue bonds. These bonds are secured by and to be repaid from student tuition and fees. Student unions, classrooms, dormitories and general construction are the primary purposes listed for these bonds. The outstanding balance in revenue bonds at the end of FY 2006/07 \$61.0 million, after retiring and refunding \$8.9 million during the fiscal year.

### CERTIFICATES OF PARTICIPATION

Cochise Community College and Northland Pioneer College have reported certificates of participation. The outstanding balance for this type of debt at the end of FY 2006/07 \$1.1 million, after retiring and refunding \$0.47 million during the fiscal year.

**PER STUDENT DEBT**

One method of determining the level of debt in relation to the other community colleges is dividing total outstanding debt by the full-time student count. High per student debt is neither good nor bad; it is simply a comparative tool to describe how the community college compares to others. Using this measure, Arizona Western College has the most debt per student, as can be seen on the table below:

<b>COMMUNITY COLLEGE</b>	<b>PER STUDENT DEBT</b>
Arizona Western	\$16,229.79
Yavapai	\$16,211.86
Coconino	\$8,849.66
Maricopa	\$6,643.62
Mohave	\$3,964.29
Pima	\$2,510.00
Central Arizona	\$1,885.68
Northland Pioneer College	\$1,292.86
Cochise	\$84.85
Eastern Arizona	\$0.00
Gila	\$0.00

The student population counts used to calculate the per student debt are those provided by the State Board of Community Colleges for FY 2006/07 the expenditure limitation calculation.

## SCHOOL DISTRICTS

School districts can incur general obligation debt, which is subject to constitutional debt limitations. For Class A general obligation bonds, elementary schools and high schools have a debt limitation of 15% of ad valorem valuation; unified school districts have a limit of 30%.

Class B general obligation bonds are subject to a lower debt limitation. Elementary schools and high schools are subject to a debt limitation of 5% of ad valorem valuation or \$1,500 per student based on average daily membership, which ever is greater. Unified school districts have a limit of 10% or \$1,500 per student based on average daily membership, which ever is greater.

Some school districts are also subject to a restricted debt limitation due to the issuance of some Capital Appreciation Bonds prior to March 31, 1996.

Of the 220 school districts that reported, 86 had no bonded indebtedness in FY 2006/07. Three school districts (Bagdad USD and Sedona-Oak Creek USD in Yavapai County, Antelope UHSD in Yuma County) retired all outstanding debt as of June 30, 2007. The remaining 134 school districts with outstanding bonded indebtedness had:

- ✓ \$2,276.0 million in Class A general obligation debt, reported by 109 school districts;
- ✓ \$2,068.9 million in Class B general obligation debt, reported by 74 school districts;
- ✓ \$2.0 million in certificates of participation, reported by one school district;
- ✓ \$64.8 million in Impact Aid revenue bonds, reported by seven school districts.

There are three school districts that did not submit a FY 2006/07 bonded indebtedness report (Ajo USD, Altar Valley ESD, and Continental ESD in Pima County). Only Ajo

USD and Altar Valley ESD had no outstanding debt as of FY 2005/06.

Within school districts that have outstanding bonded indebtedness, the average debt per student was \$5,149. (There are 43 school districts with a higher debt-per-student figure.)

Detail of the outstanding indebtedness of Arizona school districts can be found in Tables 4 through 20. The following table shows the number of reporting school districts in each county with and without outstanding bonded indebtedness as of June 30, 2007.

COUNTY	# WITH B.I.	# WITHOUT B.I.
Apache	4	7
Cochise	7	15
Coconino	5	5
Gila	4	4
Graham	2	5
Greenlee	3	2
La Paz	3	3
Maricopa	48	8
Mohave	9	6
Navajo	9	2
Pima	10	3
Pinal	13	5
Santa Cruz	2	4
Yavapai	8	15
Yuma	7	2

The next table lists county totals of school district debt, from most debt to least debt. This table does not allow for any kind of determination as to whether the school districts within the county have heavy debt or light debt; it is simply a rank order of debt outstanding as of June 30, 2007.

COUNTY TOTAL FOR SCHOOL DISTRICTS:	OUTSTANDING DEBT	DEBT PER STUDENT
Maricopa	\$3,324,793,000	\$6,041
Pima	\$515,845,000	\$4,125
Pinal	\$171,625,000	\$4,779
Yavapai	\$75,090,000	\$3,840

Greenlee	\$5,290,000	\$3,398
La Paz	\$3,635,000	\$7,817

The debt per student figures shown on the previous table is calculated using the Arizona Department of Education's 100th day average daily membership student count for FY 2006/07 for those districts with outstanding debt.

Tables 4 through 18, at the end of this section, summarize outstanding bonded indebtedness by school district by county, with the debt limitation calculation. Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2007. *However, the year-end balances should reflect any July 1, 2007 payments if the payment amount has been deposited into a dedicated fund for the payment of the principal.*

#### **GENERAL OBLIGATION DEBT**

According to the information provided by the counties and school districts on school district debt, there are no districts for which a report was received that exceed their constitutional debt limits in FY 2006/07.

As mentioned, school district debt is being measured against debt limits which may be restricted due to prior issue of Capital Appreciation Bonds. Based upon information provided by the school districts, ten districts still have restricted capacity. The restriction occurs only when a refunding Capital Appreciation bond was issued prior to March 31, 1996, creating debt capacity that was then used by subsequent bond issues. If such bonds have been paid off, no restriction exists. If such bonds have not yet been paid off, the restriction will be reduced as premium is paid off. Districts with

restricted debt capacity are asterisked in Tables 4 through 18.

Per §15-1021, beginning January 1, 1999 school districts could begin issuing Class B bonds which are subject to a lower debt limitation than Class A bonds. For Class B bonds, elementary schools and high schools are subject to a debt limitation of 5% of ad valorem valuation or \$1,500 per student based on average daily membership, which ever is greater. Unified school districts have a limit of 10% or \$1,500 per student based on average daily membership, which ever is greater. Effective from and after December 31, 1999 school districts are no longer allowed to issue Class A bonds (with some exceptions). The total amount of Class A and B bonds issued by a school district cannot exceed the constitutional debt limits of 15% and 30%.

As of publication date, there are 74 school districts that are known to have Class B bonds with outstanding principal. In Tables 4 through 18, the Class B bonds have been separated from the other school district General Obligation issues but have not been included in the debt limit comparisons. The Class B Bond outstanding principal and debt limits are shown in Table 19.

#### **CERTIFICATES OF PARTICIPATION**

Higley USD in Maricopa County has reported a new issuance of a certificate of participation. The outstanding balance of this type of debt at the end of FY 2006/07 was \$2.0m.

#### **IMPACT AID REVENUE BONDS**

Impact Aid Revenues are revenues received through a federal program designed to directly reimburse public schools for the loss of traditional revenue sources due to a federal presence or activity. School districts are not to authorize, issue or sell bonds (unless refunding) while there is existing indebtedness from impact aid revenue bonds. There are seven districts that have issued Impact Aid Revenue Bonds since FY 2003/04: Ganado USD and Red Mesa USD in Apache County; Page USD and Tuba City USD in Coconino County; Cedar USD and Whiteriver USD in Navajo County; and Indian Oasis USD in Pima County. The

outstanding balance of this type of debt at the end of FY 2006/07 was \$64.8m.

**PER STUDENT DEBT**

Table 20 shows bonded indebtedness for each school district with outstanding debt, in order from most debt to least debt. It also has debt per student for each district with rank order noted. Again, neither the rank order for outstanding debt nor the rank order for debt per student allows for any determination to be made as to level of debt in the school district. It is purely a comparative tool and only indicates the level

of debt in the particular school district as of June 30, 2007.

As shown on Table 20, Scottsdale Unified School District in Maricopa County has the largest amount of outstanding bonded indebtedness among all school districts as of June 30, 2007, at \$388.7 million. In terms of debt per student, however, Scottsdale Unified School District ranks 3rd at \$15,378. The school district with the highest debt per student is Bicentennial Union High School District in La Paz County, at \$22,115 in outstanding debt per student.

## SPECIAL DISTRICTS

Special districts are located within counties and in some cities and towns. They issue debt which is not the ultimate responsibility of the county or city or town within which the special district is situated. The debt is secured by assessments levied against property located within the special district. They are not subject to voter approval and the resulting projects primarily benefit an isolated group.

For example, there are Community Facilities Districts in Scottsdale, which issue debt. If something were to happen so that the debt service payments could not be made, Scottsdale would not necessarily be compelled to make the payments. Therefore, these districts stand on their own and were not included in the county or city or town debt figures listed in previous sections. Detail of the outstanding indebtedness of Special Districts can be found in Tables 21 through 35.

Special district debt has been reported in thirteen of the fifteen counties. Of the 538 known special districts, reports have been received on the presence or absence of bonded indebtedness for 491 special districts.

The following table shows the outstanding debt at the end of FY2006/07 and the outstanding debt at the end of FY2005/06 for the special districts within each county. (All dollar amounts are in millions.) The last two columns show the number of special districts reporting in each county that had outstanding debt at the end of the fiscal year. Remember that they are not

necessarily the same special districts with debt from year to year.

COUNTY	FY07	FY06	# 07	# 06
Apache	\$8.2	\$1.1	5	4
Cochise	\$1.3	\$1.6	1	1
Coconino	\$38.1	\$22.4	17	18
Gila	\$0.2	\$0.2	2	2
Graham	\$0.0	\$0.0	0	0
Greenlee	\$0.0	\$0.0	0	0
La Paz	\$2.3	\$0.6	2	2
Maricopa	\$497.4	\$447.8	45	43
Mohave	\$62.9	\$34.7	8	8
Navajo	\$15.5	\$13.9	17	14
Pima	\$291.0	\$214.6	13	15
Pinal	\$158.2	\$104.5	18	14
Santa Cruz	\$3.2	\$0.0	1	0
Yavapai	\$88.2	\$77.7	19	18
Yuma	\$35.8	\$29.5	7	8

The total outstanding debt for the 155 special districts reporting debt as of June 30, 2007 was \$1,202.3 million. *(Do not try to compare this number with the \$948.6 million reported last year. Some districts that reported last year did not report this year and vice versa.)* The remaining 336 special districts reported that they had no outstanding bonded indebtedness. Tables 21 through 35 provide more information about each of the special districts within the counties.

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2007. *However, the year-end balances should reflect any July 1, 2007 payments if the amount has been deposited into a dedicated fund for the payment of the principal.*

## **STATE AGENCIES AND UNIVERSITIES**

State agencies and universities are summarized in this section. State agencies use revenue bonds due to restrictions on general obligation debt in Arizona. These revenue bonds are backed primarily by the revenues generated by the project being funded. The universities use revenue bonds and certificates of participation for funding purposes.

The Greater Arizona Development Authority and the Water Infrastructure Finance Authority do issue general obligation bonds, supported by payments made by the local jurisdictions. Detail on the outstanding indebtedness of State Agencies can be found in Table 36 in the Appendix.

The total outstanding debt for these agencies at the end of FY 2006/07 was \$8.0 billion after \$1.5 billion in principal was retired or

refunded during the fiscal year. However, it should be noted that debt reported by the Water Infrastructure Finance Authority and the Greater Arizona Development Authority is also reported by the receiving jurisdictions in their respective sections. Therefore, to avoid double-counting this indebtedness (by counting it here and in the section for the receiving jurisdiction), the total indebtedness of these two agencies has been removed from the total noted at the beginning of this paragraph. (This explains why the total shown here and on Table 36 is different.)

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2007. *However, the year-end balances should reflect any July 1, 2007 payments if the payment amount has been deposited into a dedicated fund for the payment of principal.*

Loans issued by the Greater AZ Development Authority and the Water Infrastructure Finance Authority are also included in city bond tables.

## **OTHER JURISDICTIONS**

Political subdivisions that do not belong to a particular jurisdiction are included in this section. Special districts, such as the Central Arizona Water Conservation District, which have boundaries that cross county lines are also included here. Details on the outstanding indebtedness of Other Jurisdictions can be found in Table 37.

Total outstanding debt for these organizations at the end of FY 2006/07 was \$3.3 billion after \$257.0 million in principal

was retired or refunded during the fiscal year. The largest debt-holder shown here is Salt River Project.

Please note that the outstanding balances listed in the report should reflect all indebtedness as of June 30, 2007. *However, the year-end balances should reflect any July 1, 2007 payments if the payment amount has been deposited into a dedicated fund for the payment of principal.*

**SECTION TWO**

**FY 2006/07 ISSUES**

## FY 2006/07 NEW ISSUES<sup>6</sup>

Throughout FY 2006/07 \$6.644 billion in new debt was reported by Arizona political subdivisions. Of the \$6.644 billion in new debt, \$1,453.3 million was directly attributed to refunding old debt.

The following table lists new debt by county as well as the portion recognized as refunding.

COUNTY	NEW DEBT	REFUNDING
Apache	\$11,761,534	\$0
Cochise	\$0	\$0
Coconino	\$50,075,000	\$0
Gila	\$0	\$0
Graham	\$0	\$0
Greenlee	\$0	\$0
La Paz	\$8,181,000	\$0
Maricopa	\$2,611,407,627	\$778,010,000
Mohave	\$71,225,000	\$6,310,000
Navajo	\$12,793,124	\$0
Other	\$0	\$143,000,000
Pima	\$403,189,328	\$204,445,000
Pinal	\$85,095,000	\$161,279,014
Santa Cruz	\$22,250,000	\$0
State	\$1,763,490,895	\$213,230,000
Yavapai	\$81,643,144	\$0
Yuma	\$70,735,000	\$0
<b>Total</b>	<b>\$5,191,846,653</b>	<b>\$1,453,274,014</b>

### COUNTIES

During the FY 2006/07, two counties reported three new bond issues totaling \$337.3 million. The following is a breakdown of this total:

- ✓ \$30.3 million in a certificate of participation by one county;
- ✓ \$95.0 million in a general obligation bonds by one county;
- ✓ \$211.9 million in revenue bonds by two counties.

New county debt for FY 2006/07 can be found in Table 38.

### CITIES AND TOWNS

City and town debt comes in a variety of forms including general obligation, revenue, special assessment, certificates of participation, lease purchase, and municipal property corporation bonds. In general, cities and towns obtain debt to improve roads, highways, waste water systems and other municipal facilities.

During FY 2006/07 thirty six cities and towns incurred \$2,588.0 million in new debt. The following is a breakdown of this total:

- ✓ \$40.0 million in a certificate of participation, reported by one city;
- ✓ \$1,070.1 million in general obligation debt, reported by ten cities and towns;
- ✓ \$9.6 million in the form of lease purchases, reported by five cities and towns;
- ✓ \$8.8 million in debt issued through municipal property corporations, reported by two towns;
- ✓ \$1,398.0 million in revenue bonds, reported by 28 cities and towns; and
- ✓ \$58.5 million in special assessment bonds, reported by three cities;

Projects for new debt issued by cities in towns during FY 2006/07 include: \$430.2 million for wastewater and sewer projects, \$65.1 million for streets/highways, \$1,267.0 million for municipal improvement projects, \$8.8 million for various lease, and \$813.2 million for refunding.

<sup>6</sup>Copies of the Report of Bond and Security Issuance forms as provided by the jurisdictions can be obtained upon request.

Detail of the new debt issues reported by cities and towns for this fiscal year can be found in Table 39.

## **COMMUNITY COLLEGES**

Authorized as separate municipal jurisdictions from the counties, community colleges have the authority to levy property taxes, and, therefore, can issue general obligation bonds. Of the ten community college districts statewide, four reported new debt during FY 2006/07. These community colleges reported \$293.9 million in general obligation debt, \$3.5 million in a revenue bond, and \$5.8 million in a lease purchase.

Detail on new issues by Community Colleges can be found in Table 40.

## **SCHOOL DISTRICTS**

As discussed in section one, school districts incur, primarily, general obligation debt, subject to the limitations established by the constitution. During FY 2006/07, forty two of Arizona school districts reported new general obligation debt in the amount of \$968.2 (of this amount \$71.5 million of this amount was for refunding). An additional \$13.0 million was reported by eleven school districts in the form of long term lease purchase agreements.

Seven of the fifteen Arizona counties had school districts that issued new debt. Maricopa county schools accounted for approximately 84% of all new general obligation debt by issuing \$716.5 million. Of this amount, \$68.7 million is to be used in a refunding capacity. The remaining \$647.9 million is for improvement projects of various types.

Arizona school districts that reported debt for FY 2006/07 had, as of the date of their report, outstanding debt in the amount of \$4.4 billion. New debt and new lease purchases, then, account for 22.0% of total outstanding debt for school districts.

Detail of all new debt issued by school districts in FY 2006/07 can be found in Table 41.

## **SPECIAL DISTRICTS**

Special districts are created within a county and organized to complete a specified project. Debt issued by these jurisdictions is not the ultimate responsibility of the county. Special district debt can take the form of general obligation, revenue, and special assessment bonds:

During FY 2006/07, thirty two special districts incurred \$383.9 million in new debt. The following is a breakdown of this total:

- ✓ \$203.6 million in revenue bonds, issued by three special districts;
- ✓ \$60.3 million in special assessment bonds, issued by nine special districts;
- ✓ \$12.4 million in lease purchase debt, issued by three special districts;
- ✓ \$107.5 million in general obligation bonds, issued by twenty one special districts.

Detail of all new debt issued by special districts for FY 2006/07 can be found in Table 42.

## **STATE AGENCIES, UNIVERSITIES AND OTHERS**

Entities listed in this section issue, almost exclusively, are revenue bonds. During FY 2006/07, two certificates of participation and three lease purchases were issued as well:

- ✓ \$1,839.4 million in revenue bonds, issued by six agencies, universities and others;
- ✓ \$171.0 million in certificates of participation bonds, issued by two universities.
- ✓ \$56.3 million in lease purchase by two agencies.

Detail of new debt issued by state agencies, universities and other jurisdictions for FY 2006/07 can be found in Table 43.

**SECTION THREE**

**LEASE PURCHASES**

## **LEASE PURCHASE/THIRD PARTY CONTRACTS**

This section provides a summary of the Lease Purchase/Third Party Financing Contract (hereafter referred to as Lease Purchase) information collected for FY 2006/07. This information is presented by county only for the sake of organization. The counties are not responsible for the payment of any lease purchase contracts other than their own.

Arguments have been made that lease purchases are not debt, and therefore should not be the subject of the Department's requests or reports. The guiding principal behind collecting this information is the reference to 'other securities issued with a term in excess of one year...' in the statute.

In FY 1996/97, the first year that reporting was requested approximately 450 political subdivisions or state agencies submitted reports. The reports submitted for FY

1996/97 showed 669 lease purchase contracts with \$209.5 million outstanding at the end of that fiscal year.

For FY 2006/07, 923 political subdivisions and state agencies submitted reports. Reports submitted for this fiscal year reflected 1,343 lease purchase contracts with \$693.1 million outstanding at the end of the fiscal year. The data presented is as complete and accurate as the records submitted by the reporting political subdivisions and agencies.

Details of all Lease Purchase and Third Party Contracts reported by Arizona political subdivisions and state agencies can be found in Table 44. Table 45 lists all political subdivisions and state agencies who reported having no lease purchases or third party financing contracts.
